Innovative System Solution
For Aluminum Extrusion

INTRODUCTION

Glazing Technology International System (GLAZETECH) are one of the leading aluminium architectural solution providers through innovative system and special component designing.

After the successful launch of Elegant 65[®] Glazing System and Thermos 110 System GLAZETECH is now proud to introduce a high performance, AL-WIN 80[®] Casement System

AL-WIN 80[®] has superior features and characteristics that will answer to the region's harsh climatic, wind load and pressure challenges.

In this 80mm. Series, doors and windows, there are options for arches and architraves.

The system's high performance is guaranteed as the profiles are extruded at Elite Extrusions, LLC - Ras Al Khaimah, which is equipped with latest all European manufacturing facilities, and is controlled by highly qualified and experienced personnel which are directly.

The system is designed to be compatible with standard Eurogroove accessories and is carefully tailored to limit the use to optimum numbers of accessories per unit.

Right from the design stage, the ease of fabrication requirements are ensured so that the system can be fabricated within shortest possible lead time. The technical design of the product meets all the statutory and regulatory requirements followed in aluminium and glass fabrications.

Last but not the least, GLAZETECH would be ever happy to render technical assistance to all its clients and customers upon requests.

At GLAZETECH, we firmly believe in building relationship and partnership by constant dialogues and interactions with Architects, Consultants, Contractors, Fabricators and the End Users. We now invite you to derive benefits of ALWIN-80[®] for your profitable, durable and prestigious projects.
